ARTISTS STATEMENT

I have worked almost exclusively in Watercolour for many years, both commercially and as a fine artist.

My goal is to push the accepted boundaries of Watercolour to bring a fresh approach to the medium. In its purest sense it is the most wonderful and exciting of mediums, although unforgiving, can be the most expressive and rewarding.

I work principally 'en plein air' enabling me to capture the intimate connection with the subject, allowing me the opportunity to portray that unique moment of time, its mood and relationship with nature, which, when viewed, will evoke feelings and responses I experienced at the time of creation.

I also have a studio at Trevaunance Cove, St Agnes, where I work when weather dictates otherwise!

Paul Hoare
